## FOREWORD

This is your 1960 Hylander. We have worked hard and worried long in striving to portray the happenings of this school year. The pictures you see and the words you read cannot possibly tell the feelings experienced during these events. Only you know the beauty of our homecoming; only you know the pride of seeing our band marching at football games; only you can picture the excitement and color of the football games. These are the memories each of us will remember in his own way.

On our division pages we have used our familiar school songs as the theme of this Hylander. In some instances our write-ups have musical tones in them, which we hope you will like. It is with this thought that we give you your 1960 Hylander.

# ADMINISTRATION

## BOARD OF EDUCATION

Top row: Mr. S. R. Perkins, chairman, Mrs. B. M. Eckerd, Mr. Joe Noyes. Bottom row: Mr. Eugene Cross, Mrs. Howard Burgin, Mr. Bob Shirley, Mr. Robert Twitty.

In order to have a well-rounded school administration, some individuals must work the year around. The members of the Board of Education do this, selecting administrative officers and faculties for each school, making up the schedule for the year, and setting policies for the smooth operation of the Marion School system.

Three new members were appointed to the Board in January: Mrs. B. M. Eckerd, Mrs. Howard Burgin, and Mr. Bob Shirley.

### SECRETARY TO SUPERINTENDENT

Miss Helen Smarr

### SECRETARY TO PRINCIPAL

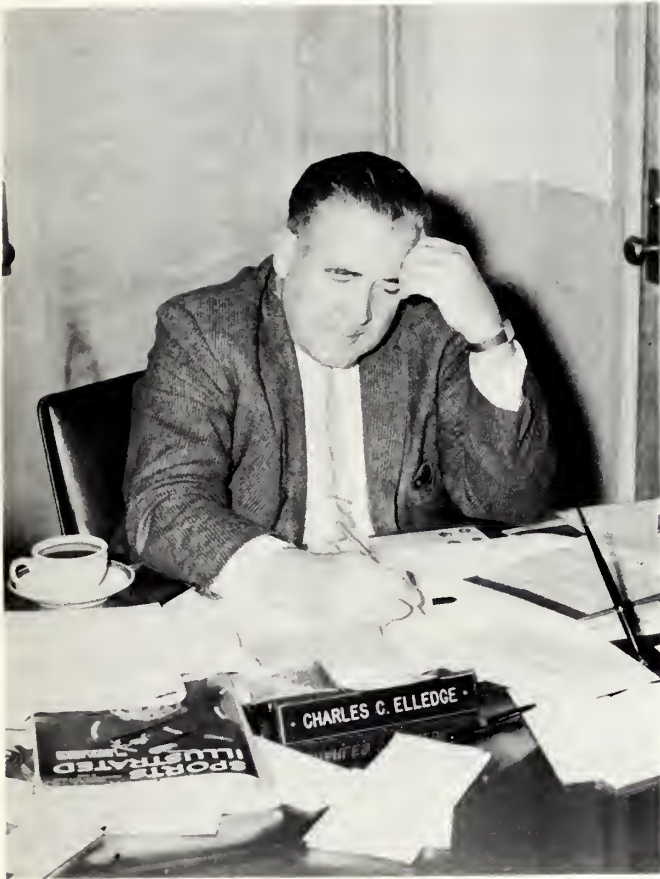

Mrs. Eunice Pyatt

## PRINCIPAL

This is a red-letter year for Mr. Elledge: he entered the Marion schools at the same time as this year's graduating class. In fact, he entered the same school with many of them because in that year, 1948, Central Elementary and Marion High School were combined. For twelve years he has watched them grow physically and mentally, and he has grown in experience along with them.

His working day is long. From the first telephone call in the morning, "Are we going to have school today?" or "My bus has broken down" or "John has a sore throat and can't be at school today" to a call from the police department at midnight, "There is a window open in the back of the high school building," he works with hundreds of people.

When summer comes and the horn in the west calls, he hies to the hills to be assistant director of the drama and play the mountain golf courses. But each Monday you may see him at his desk in Marion High School, finishing the work of one year and preparing for that of the next.

## SUPERINTENDENT

Mr. Beam is the "power behind the throne" at Marion High School. The students do not see him every day, but they know he is working continuously for their best interests. He attends the ball games, the plays, the concerts, and the banquets as well as the P.T.S.A. meetings. He is the cheerful advisor of any student, parent, or teacher who approaches him with a problem.

While his office is maintained in the City Hall, he is never very far away from the work that is being done in the classrooms and on the athletic fields of the Marion school system.

# DEDICATION

To one who has been a teacher, advisor, and friend to us, we dedicate this book.

It is for his interest, his encouragement to his students, his wise counsel, his friendship, and the contribution he has made to Marion High School and the lives of its students, that we, the Hylander Club of 1960, dedicate our yearbook to Mr. Claude C. Jarrett.

Mr. Claude C. Jarrett

As he begins a day's work.

What could be so amusing during this rehearsal?

Advising a student.

Coffee break. It's supposed to keep you awake!

Let's try again!

Glad to be home after a hard day's work.

## SENIOR CLASS OFFICERS

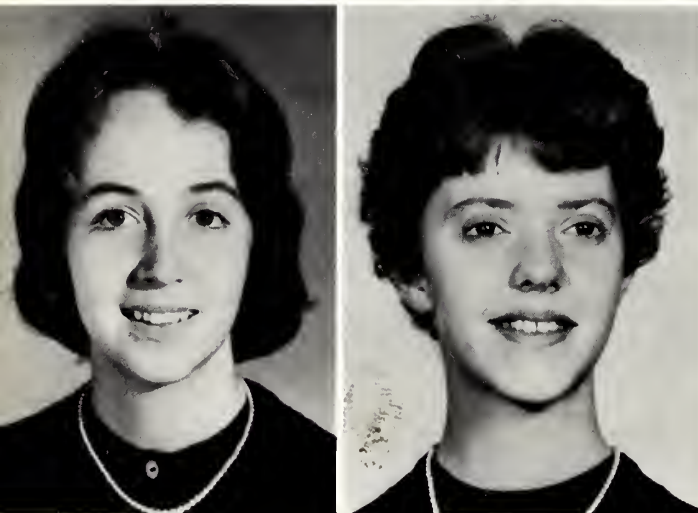

Jim Long, Vice-President; Mickey Lewis, Secretary; Bobby Morris, President; Jeffrey Honeycutt, Treasurer.

For twelve years we have worked and studied for the diplomas we will soon receive. When we were Freshmen we looked forward to our Senior year with great anticipation. Now that we have reached our Senior year, we realize that our high school days slipped by too fast and that each year was most rewarding as we attained new goals.

This last year we will especially cherish --- even our academic work. Learning about Shakespeare's 'Hamlet' and the sine, cosine, and tangent in our Senior algebra class are all part of Senior year. Outside of our school work we will look back on the laughs and fun at our Senior Christmas party, receiving our class rings, the long-awaited Washington-New York trip, and at last Graduation Day as pleasant memories.

We, as a class, would like to thank the teachers and principal who have so patiently given us wise counsel and instruction. With the interest and teaching they have given us, we leave Marion High School knowing that the days spent here have been invaluable.

Looking back over our years at Marion High School we have found our Junior year to be the most prosperous and exciting year. We have found pleasure in giving the Junior-Senior Prom to the deserving Seniors

After having worked for three hard years, many Juniors have been honored by their acceptance into the Honor Society.

Our class is very proud to give to the school experienced and outstanding sportsmen for the athletic program.

## SOPHOMORE CLASS OFFICERS

W. T. Broadwell, President; Olean Rose, Secretary-Treasurer;  
Sterlyn Washburn, Vice-President.

The name Sophomore is certainly appropriate for our class. We are definitely in-between--no longer inexperienced Freshmen--but not quite old enough to take part in Junior-Senior activities.

We can be easily recognized. Many are seen walking because we haven't quite reached the age to drive. Perhaps it would be better if a few of us hadn't learned!

In the spring you will find many of us peeping at practices for the Junior and Senior plays and the decorating of the Junior-Senior.

At the Honor Society induction you will find us in our chapel seats gazing wistfully at those gaining honor.

Probably the things which the class will most remember will be: The wracking of our brains trying to memorize Julius Caesar, the hard algebra formulas, and the time when even the strongest stomach grew weak at the sight of a dissected frog.

We feel neglected and ignored, but in the years to come we will all long to live again as "in-betweens."

## FRESHMAN CLASS OFFICERS

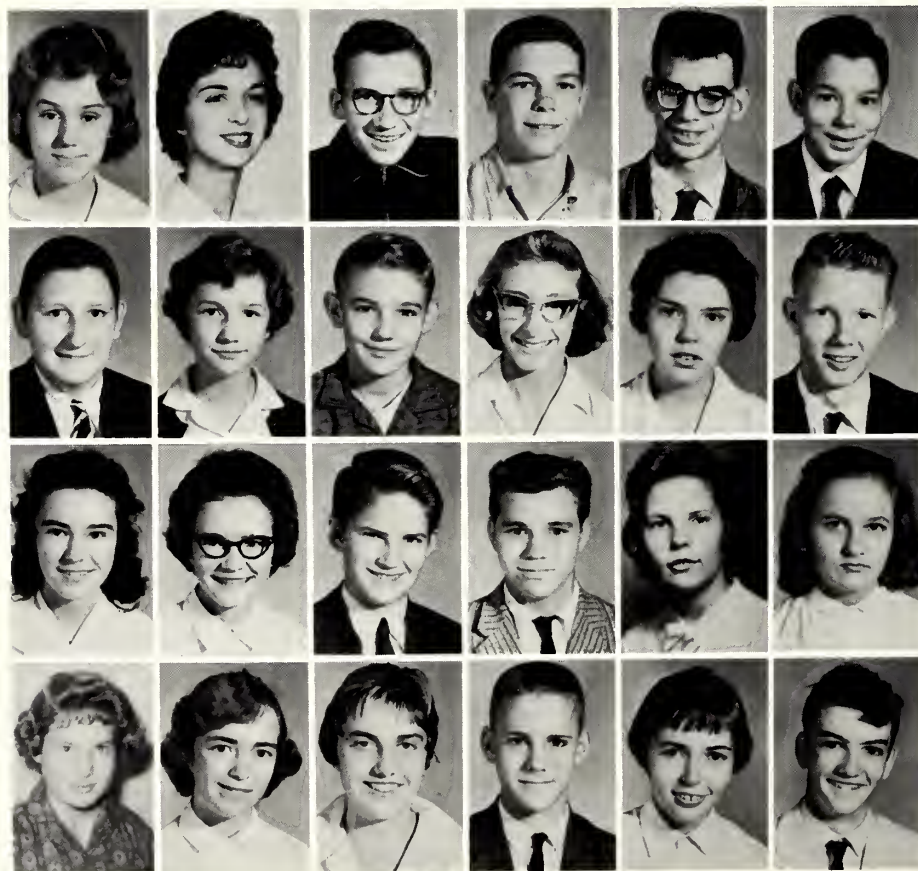

Treasurer . . . . . Dean Rymer  
 President. . . . . Tommy Cline  
 Vice-President. . . . . Diane McCall  
 Secretary. . . . . Joan Nesbitt

On the first day of school there were many excited and scared, new students in the auditorium of M.H.S. These, of course, were the freshmen.

After the first hectic week, we finally found our way around what we proudly call our school. We are now accustomed to the school routine, which includes knowing how to survive the daily stampede at eleven-thirty.

Seriously, we want to thank the upperclassmen and teachers for giving us a warm welcome.

We hope our class has made a worthy addition to the school and to the spirit at M.H.S. We will work toward making our future years at Marion High the best ever!

IN THE HALLS OF M.H.S.

ACADEMIC

# COMMERCIAL

Mrs. Morris supervises as students in typing II work on drills for speed. Some of them are preparing for careers in the business world; others will be typing their papers in college. The few boys in the class seem surrounded by feminine pulchritude.

# SOCIAL STUDIES

Searchers after the truth in history look on while Mr. Freeman points out the scene of a significant historical event. Martha is enjoying entertainment elsewhere while the teacher's back is turned.

World History attracts a wide variety of students from Sophomores to Seniors. This lesson which seems so amusing to the girls on the front row is taken much more seriously by the students in the back and by their instructor, Mr. Reep.

# MATHEMATICAL

Billy Hollifield, Dicky Johnson, Dean Padgett, and Mrs. Lindsay were solving a problem in geometry when we passed their door with a camera. As you see, they are quite unaware that their picture is being taken.

## VOCATIONAL

The Home Economics labs often furnish scenes like this one of the girls refinishing furniture.

James Morgan, Charles Triplett, Bobby Gaddy, and Jerry Mathis show some of the useful skills which can be learned in the manual arts course.

# ENGLISH AND FOREIGN LANGUAGES

A Latin class works with Miss Alley in front of a very attractive bulletin board, which reflects the fine quality of work done in the Latin department.

The voice recorder is one of the most efficient servants of the Speech Class. This picture offers proof of the adage: men do the work; women do the talking.

A class caught just before the teacher calls it to order is this class in French. If you look carefully, you will see much of the drama of life unfolding here.

Mr. Carter and a class in Senior English are working with the same topic which other English classes throughout the building labor over continually: "English Fundamentals."

# SCIENCE

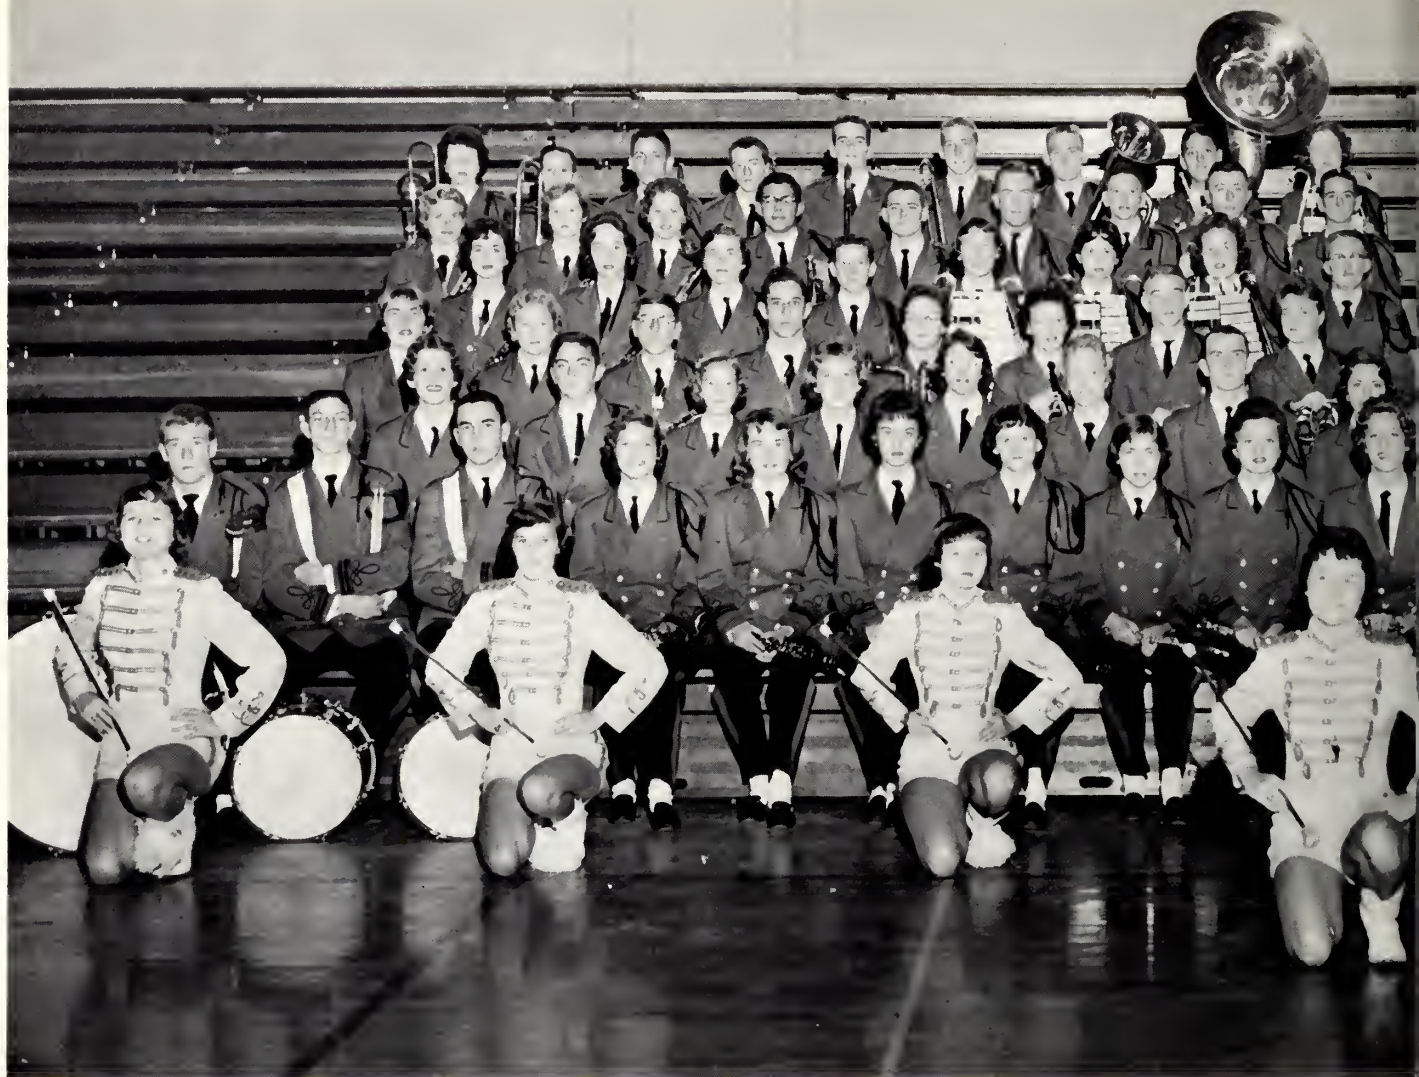

Those with intellectual curiosity enjoy this course in biology under Mrs. Finley. If the microscope is properly adjusted, you see a whole new world of objects too small for the human eye to detect.

General science gives these students the foundation for the study of chemistry and physics. Mrs. Baldwin guides them in their work.

Mr. Blackburn, Sam Rowe, Robert Shipman, Larry Barnhardt, Eddie Parker, Steve Patton, Jane Hollis, Simmy Page, and Kelley Stroud prove a point in chemistry through experimentation.

M.H.S.

## BAND COUNCIL

Music! Music! Music! That's what the M.H.S. Band enjoys-----everything from "Dixie" to "Barber of Seville" overture. The first part of the year this group showed the results of hard work by presenting a company front routine to football spectators. In addition to our own local parades, the band traveled to Raleigh to participate in N.C. State College's homecoming parade.

Bobby James, band president, is looking to Bobby Hunter, treasurer, for a reply to a question before the band council. Vice-President, Jerry Roland, and secretary, Becky Adkins, look at some papers that might be the new rules for the band, which the council help to make. Other council members are: Rachel Hewitt, decorating chairman; Peg Perkins, drum majorette; Mary Dameron, assistant secretary; Jennie Gray, publicity chairman; Jane McGimsey and Eloise Hewitt, librarians.

Mr. Claude C. Jarrett, Band Director

## BAND

When football season was over the band turned its attention to concert work, giving two concerts and entering the District and State Contests.

In spite of having to rush to their seats and being ready to begin the days work at 8:25 with the downbeat of Mr. Jarrett's baton, the band members enjoy their work and have a true feeling of accomplishment after each performance.

As they lead the band in parades, as they perform at football games, as they play in concerts, the major-ettes proudly represent the M.H.S. Band. Center, Peg Perkins, drum majorette; Jane McGimsey, Sybil Harris, Sharon McGimsey, Pam Flack, and Phyllis Ruth-erford.

## 1959 BASEBALL TEAM

The 1959 Baseball season for the Rippers was a successful one. They won seven games and lost four. The home games were played at East Marion, and attendance at the games was very good.

The Rippers were hit hard by graduation, losing their only two pitchers, Captain Billy Jarrett and Dennis Lytle. The other Seniors were Ken Morgan, shortstop and the team's leading hitter; Leonard Goforth, all-conference catcher; Eugene McDaniel, first baseman; and Frank Ross, the left fielder.

Coach Reep was very proud of the hustle and desire that the boys displayed. Enthusiasm for baseball is really on the upgrade at M.H. S. and the players and students can't wait for the 1960 season to start.

Prospects for the 1960 season are pretty good with regulars John Anderson, Spencer Davis, Joe Hall, and Harold Long returning. Other good looking prospects are Dicky Johnson, Dean Padgett, Joey Brown, and Jerry Huneycutt. Pitching will be the big problem in 1960.

At practice, drills and exercises are undertaken to keep the girls physically fit. The girls had a successful season, playing ten conference games in addition to their practice games.

Captain Judy Hollifield, Coach Bucky Reep, Captain Joyce Hall.

# BOYS' BASKETBALL

The Marion High School Rippers had a good 1959-60 season, despite a somewhat slow beginning. After Coach Ted Freeman found the right combination, the boys went on to win several games.

A successful basketball season implies much more than the number of games won or lost: it means boys learning dexterity in the handling of a ball, quickness in mental and physical reaction, and the spirit of give and take which we call good sportsmanship. We repeat, we had a successful season!

# HOMECOMING

Rain, cold wind, and a muddy football field did not stop Marion High School from having one of the prettiest homecomings ever. To begin the festivities of the day, a colorful parade was held in downtown Marion featuring the queen, her attendants, and all the sponsors.

The main event came with the regal procession of the sponsors and attendants; then the crowning of Marion High's beautiful Homecoming Queen, Jane Mask, reigning with poise and dignity of true royalty.

A dance was held in the beautifully decorated gym. The queen and her court were presented to the alumni and they began the last festivities of the evening by leading the dance.
